

Dear FCC Chairmen,

Please do not weaken New Jersey's do not call list. States have proven to be the laboratories of democracy and NJ's state lawmakers have implemented a do-not-call law that is approved by most New Jerseyans.

The only people who are "harmed" by the do-not-call law are the telemarketers -- companies who are more concerned with their profits than the privacy of the people they are trying to solicit money from.

Thank you for your attention.

Toby Croll
